Foxtel on demand in November

The Walking Dead season 7; a host of BBC hits; fan favourite ***The Wire*** and the latest episodes from new arrival ***Divorce***; plus new movie blockbusters ***Deadpool***, ***The Revenant***, ***Zootopia*** and more

Foxtel today announced the November line up of complete seasons and movie favourites that will join the hit shows already available to stream, on demand[^], from Foxtel, including a massive boost to Foxtel's collection of great BBC programming.

One of the most watched TV shows in the world, ***The Walking Dead***, returns with season 7 and new episodes will be available on demand as the season plays out bringing viewers the latest from the human/ zombie drama.

Foxtel's longstanding history with the BBC has provided a host of brilliant UK drama for Foxtel subscribers. Among November's arrivals are seasons of ***Call the Midwife*** (seasons 1, 2, 3 & 5), which follows a newly qualified midwife in a moving, funny and colourful look at midwifery and family in 1950s East End London. Also arriving is police drama ***Happy Valley*** (seasons 1-2); British detective series ***Maigret*** and ***The Living and the Dead***, a paranormal drama about a farm family trying to live a peaceful rural life in the face of strange supernatural forces.

From HBO comes ***The Wire*** (seasons 1-6), a gritty crime drama that looks at the narcotics scene in a US city through the eyes of law enforcers, drug dealers and users. Also from HBO comes brand new series ***Divorce***, which centres on two people who, after more than a decade of marriage and two children, have suddenly begun to reassess their strained relationship. New episodes of ***Divorce*** arrive on demand following the overseas broadcast Express from the US.

Also arriving on demand in November are new episodes of ***The Affair***, season 3 (joining seasons 1-2); the return of ***Deadwood*** (seasons 1-3); the on demand debut of ***The Librarians*** (seasons 1-2) as well as the second half of Lifestyle favourite ***Dance Moms*** season 6.

Foxtel on demand's key movies in November include superhero film ***Deadpool***, about a former special forces operative who gains super powers (and a twisted sense of humour) after being experimented on by an evil scientist; vengeance filled frontier epic ***The Revenant*** starring academy award winner Leonardo DiCaprio; high adrenaline FBI action blockbuster ***Point Break***; the fun family story of an animal filled metropolis with ***Zootopia***; and period drama meets a zombie apocalypse with ***Pride and Prejudice and Zombies***.
